

I want to see K-LOVE continue to exist as is because, although I have only become a listener fairly recently, I find K-LOVE to be extremely uplifting in my own personal life and hear comments of others who call in who say the same thing and feel the same way. To take this away from us would be tragic. To know that you are not the only person with the same concerns and desires is very encouraging and changing or removing this station would be wrong. There are a very large number of listeners to this station and each of these listeners are on the same page morally and spiritually and to remove that common ground would serve as a disservice to those of us who care. Please consider the positive impact this station has on all of society, either directly or indirectly, when making your decision regarding the outcome of this matter. Thank you very much.
